

The Book of Exodus

A Story of Liberation, Hope, and Healing

The story has been relived through the eyes of many:

- African Americans dreaming of equality and freedom
- South Americans longing for liberation
- Females seeking redemption
- The Oppressed longing for peace

We would like to experience this again through your eyes:

We need your voice, your perspective, your story

**Survivors seeking hope, love, healing, validation,
freedom, and empowerment**

Your Story: A reading group engaging the Exodus
narrative

A 6-8 night weekly class beginning in June
